West Texas Panhandle Chapter ENA
Emergency Nursing Pediatric Courses (ENPC) 2027

The ENPC Provider course is designed to provide core level pediatric knowledge and psychomotor skills associated with the delivery of professional nursing care to the pediatric patient. The content we present is through a combination of online pre-course modules, presentations, and psychomotor skills stations.
To maximize success in this course, we recommend that the participant have at least six months of clinical emergency nursing experience. We assume that the course participant possesses generic nursing knowledge, understands emergency care terminology, and is familiar with standard emergency medical equipment.
Registrations and payment arrangements must be received at least 40 days prior to the Course so the student has their manual at least 30 days prior to the course.
We would like to announce that ENPC and TNCC Non-RN learners will now receive Non-RN verification cards. Learners will still register for their course as Non-RNs but will now receive a four-year Non-RN verification card after passing the skills station testing and online exam.
**Preparation by the student is necessary to be successful!**
In accordance with the American with Disabilities Act, please advise the Course Director of any disability that requires special materials and/ or services so that appropriate personnel will be available.
The **Emergency Nurses Association** is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.
The participant will receive an ENPC Provider manual designed to reinforce the lectures/ skills and directions to access a link which will enable them to view required online modules prior to attending the course.
Due to limited enrollment, telephone registration cannot be accepted. Registration will be accepted on a first-come, first-served basis. Please complete the registration form attached and return it to the address below. Unfortunately, there is no refund if you are not able to attend. Any questions or concerns should be directed to the course coordinators:
John Sappington, BS, RN, RRT, LP, NREMTP, CEN, CFRN, CPEN, TCRN, CTRN, at
jgsappi@gmail.com, phone 806-382-3226.
